

IDAPA 02 - DEPARTMENT OF AGRICULTURE
02.04.21 - RULES GOVERNING THE IMPORTATION OF ANIMALS

DOCKET NO. 02-0421-1201

NOTICE OF RULEMAKING - ADOPTION OF PENDING RULE

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2013 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is acted on by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 25-221, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

Amend section 011.03. The acronym AZA, defined as the American Zoological Association, is incorrect. The correct definition for AZA is the Association of Zoos and Aquariums.

Amend section 601.01. To more clearly define the current brucellosis testing requirement as a single blood sample from which two (2) different diagnostic tests for brucellosis shall be performed. This will clarify that the producers need only work their elk once to collect blood.

Amend section 601.02. To expand the list of testing exemptions for Red Deer Gene Factor (RDGF) to include any state or province that has implemented an approved RDGF prevention program for domestic cervidae. The existing rule identifies Montana as the only state that would qualify for a testing exemption because at the time the original rule was written, Montana was the only state to have implemented an approved RDGF program.

Amend section 606. To expand the tuberculosis (TB) testing exemptions to include any cervidae moving between the Association of Zoos and Aquariums accredited facilities and those facilities that have a USDA exhibitor permit. The existing rule requirements are redundant to require TB testing for movement between these facilities which are both federally regulated for TB prevention. The change would prevent a producer from having to re-test an animal that is moving between these types of facilities.

Clarify and condense portions of the rule for purposes of simplification and maintaining consistency.

The pending rule is being adopted as proposed. The complete text of the proposed rule was published in the October 3, 2012 Idaho Administrative Bulletin, Vol. 12-10, pages 30 through 34.

IDAHO CODE SECTION 22-101A STATEMENT: This rule does not regulate an activity not regulated by the federal government, nor is it broader in scope or more stringent than federal regulations.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

ISDA does not anticipate any fiscal impact from the changes to be made to this Rule during this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Dr. Scott Leibsle, Deputy Administrator, 208-332-8540.

DATED this 29th day of November, 2012.

Brian J. Oakey, Deputy Director
